

Sponsor a Hawai'i Classroom

Who We Are

At Always Dream, we believe education is the foundation for pursuing dreams. Founded in 1996 by Olympic Gold Medalist, author, and philanthropist, Kristi Yamaguchi, Always Dream has supported keiki in Hawai'i with our Always Reading Program since 2014.

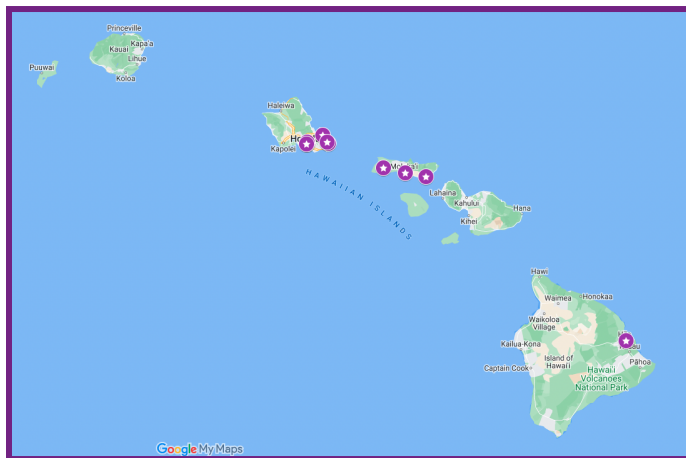

About Always Reading

Always Reading provides families of Pre-K and Kindergarten children in our partner schools across Hawai'i with a tablet, access to a digital children's library, and a Book Coach to engage families in reading throughout the school year. Book Coaches teach families to use the tablet, and stay connected 3x per week via text with encouragement, strategies, and accountability. For families that do not have reliable wifi at home, Always Dream provides a data connection for tablet use. The tablet collects reading data for the student, which our Book Coaches provide to their teachers, working in collaboration to support families and students in developing early literacy skills, engagement in learning, and a love of reading.

Where We Work

The Always Reading program works with Title 1 elementary schools across Hawai'i.

2023-24 School Partners are located on Oahu, Molokai, and Hawai'i, where we will work with nearly 600 families in 35+ classrooms.

Our Investor Hui

Our goal for the Always Dream organization is to scale our impact over the next four years, and reach as many keiki and families as possible with high quality and inclusive family engagement and literacy support. We are entering Year 2 of an ambitious strategic plan to expand our programming and reach 1,600 families annually by 2027. We invite you to join our Investor Hui, your sponsorship will help us achieve this goal!

Sponsor a Hawai'i Classroom - \$10,000

Your \$10,000 sponsorship enables Always Dream to deliver our program including tablets, data connections, digital library subscriptions, hard copy books, and Book Coach support. As a classroom sponsor, you will receive the following benefits:

- Access to exclusive sponsorship events and opportunities
- Mid-year and year-end impact reports from the Always Reading program
- Stories from participating families and teachers
- Recognition on Always Dream website and in communication materials
